PROPOSAL 2: SMALL BUSINESS (DISTINCTION VERSION)

SneakyKicks RSA – E-Commerce Sneaker Platform

ORGANISATION OVERVIEW

Organisation Name: SneakyKicks RSA

Location: Johannesburg, South Africa

SneakyKicks RSA is a small business specializing in trendy, authentic, and limited-edition sneakers. It currently operates through social media platforms such as Instagram and WhatsApp, relying on direct messaging for sales and customer engagement.

Mission: To provide affordable, stylish, and authentic sneakers while delivering an excellent customer experience.

Vision: To become a leading and trusted sneaker retail brand in South Africa.

Target Audience:

- Youth aged 18–35
- Sneaker enthusiasts
- Online shoppers

WEBSITE GOALS AND OBJECTIVES

Primary Goals:

- Establish a professional online presence
- Increase sneaker sales
- Improve brand credibility
- Streamline purchasing

SMART Objectives:

- Increase sales by 40% within 6 months
- Achieve a 5% conversion rate
- Reach 5,000 monthly visitors
- Reduce cart abandonment by 20%

KPIs:

- Completed purchases
- Website traffic
- Conversion rate
- Customer retention

CURRENT WEBSITE ANALYSIS

SneakyKicks currently lacks a dedicated website and depends on social media.

Weaknesses:

- No centralized platform
- Limited scalability
- Reduced customer trust
- Inefficient ordering process

Industry Comparison:

- Social media stores: easy access but unstructured
- Shopify stores: professional but costly

Gap Identified:

A need exists for a secure, user-friendly e-commerce website to improve trust and efficiency.

PROPOSED FEATURES AND FUNCTIONALITY

- Product catalogue with categories and images
- Product pages with price, sizes, and descriptions
- Shopping cart and secure checkout
- PayFast payment integration
- WhatsApp chat and contact form
- User accounts and order tracking

DESIGN AND USER EXPERIENCE

- Colors: Black, white, red
- Fonts: Montserrat (headings), Roboto (body)

- Mobile-first, fast-loading design
- Accessible layout with readable text and alt tags

WIREFRAME STRUCTURE

Homepage: Header → Banner → Products → Categories → Footer

Product Page: Image → Details → Size → Add to Cart

TECHNICAL REQUIREMENTS

- HTML5, CSS3, JavaScript
- Bootstrap framework
- Domain and hosting setup
- SEO and performance optimization

TIMELINE AND BUDGET

Timeline: 8 weeks (planning → design → development → testing → launch)

Budget:

- Domain: R200/year
- Hosting: R2,500/year
- Development: R7,000
- Maintenance: R2,500/year

Total: R12,200

CONTENT RESEARCH AND SOURCING

- E-commerce best practices
- Digital business strategies

Legal: Copyright compliance and secure data handling

CONCLUSION

SneakyKicks RSA has strong commercial potential through a professional e-commerce website. However, compared to GradLink Hub, it offers less academic depth and social impact, making it a secondary project option.
